Leigh Walden Recognized as 2006 Sales Associate of the Year

Award acknowledges Walden's passion for playgrounds

Minneapolis, Minn. (Feb. 6, 2007) – Leigh Walden of Lone Star Recreation, Inc. in Houston, Texas, was recently recognized as 2006 Sales Associate of the Year by Landscape Structures Inc., a leading manufacturer of commercial playground equipment and Skatewave™ modular skatepark equipment. The award was presented to Walden during Landscape Structures' annual sales meeting in Scottsdale, Ariz.

Walden was honored for displaying passion in all areas of her job, including day-to-day activities; exceeding her 2006 sales goal by nearly 40 percent; and creating local partnerships with PTA groups, parks and recreation departments and more. In just her second year with Lone Star Recreation, and her first sales position, Walden embraces each opportunity—a special event, rushing an order, delivering cookies—to make her customers' experiences premier and memorable.

Lone Star Recreation is one of 44 independent sales organizations representing Landscape Structures worldwide. Serving Houston and southwest Texas, Lone Star Recreation has represented Landscape Structures playground equipment since 1995 and Skatewave modular skatepark equipment since 2001.

For more information about Landscape Structures or Skatewave, call 888.4FUNLSI or log on to playsi.com. For further information about Lone Star Recreation, visit www.lonestarrecplaygrounds.com or call 281.970.9010.
